Report No. SAT-00868

Friday May 18, 2012

Policy Branch Information

Satellite Space Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

CORRECTIONS

SAT-RPL-20120326-00061	S2863	Intelsat License LLC
-------------------------------	-------	----------------------

We are deleting the entry on one of two Public Notices, which accepted for filing Intelsat License LLC's application for authority to construct, launch, and operate a space station, to be known as Intelsat 21, at the 58.0° W.L. orbital location. That Public Notice, Report No. SAT-00864, which was released on May 4, 2012, duplicates the accepted for filing entry on Report No. SAT-00862, which was released on April 27, 2012. Thus, the Intelsat 21 entry will only appear on the April 27, 2012 Public Notice. This correction does not change the date on which comments regarding the application are due, which is May 29, 2012.

For more information concerning this Notice, contact the Satellite Division at 202-418-0719; TTY 202-418-2555.
